Prez Sez

from President Arne Berglund

New year, New Board, Same Club

Here it is, early January 2019 and I'm writing my first column for der Auspuff as Cascade Region president. Yes, some things do change. The entire board is new, all located in the Central Chapter, and still very much in shakedown mode. I'm not going to list all the board members and other appointed positions here, but feel free to visit the "About Us" page on the club website (<http://cas.pca.org/about/>) to learn who we are.

I'm sure some things (procedures, communications) will change. But some things will not. The Cascade Region exists to help all our members enjoy these cars (and SUVs) that we love.

And while the region officials are now in the North half, we are committed to supporting the Southern Chapter in the same way that the prior boards supported the Central chapter in the past. The Cascade Region is challenging due to the geographic area that it encompasses. But we've managed in the past, we will continue to manage going forward.

Change can be good, and things may not go as smoothly as we'd prefer, especially at first. But we will get through that, and continue to have fun as a group of Porsche owners and enthusiasts.

On the Cover

At the Werks Reunion

While I have met a few Southern Chapter members at previous joint events in the past, I intend on coming South to meet more of you, hopefully to one of your dinners within the next couple of months.

In the meanwhile, get your cars polished up, and start thinking about the upcoming driving season. Both chapters will have planning sessions soon, so bring your ideas and get involved! Trust me on this, the club is more interesting when you are helping out!

- Arne

Scotts Valley Tour

Lunch in Etna

October 20th 2018

Former treasurer David Duarte leads a well-attended autumn drive into Northern California

On the sunny vibrant Saturday morning of October 20, thirteen Porsches and their drivers left from Barnes & Noble parking lot in Medford at 9:30 am. For three drivers, it was their very first drive with the Porsche Club. Kurt Tamashiro from Grants Pass drove his 2014 911-50 Carrera, Ron Lang of Ashland drove his 1991 SINGER Porsche, and Brian

Kynsi of Rogue River drove his 2007 Boxster. It was very nice to see active participation of younger drivers attending the drive and we sincerely hope that these new members remain active in our Club.

South on I-5 we drove to the first rest stop at the Hwy 96 turnoff. From there we drove 30 miles to the Scott's Bar turnoff which lead us up over the mountain on a nearly single lane road in spots with majestic scenery and abundant fall

foliage. We stopped at Jones Beach rest area along side the river before heading south to Fort Jones and from there to Etna for lunch at the Denny Bar Restaurant and Distillery. This restaurant once housed the oldest soda fountain in the West before going out of business and being bought by some local businessmen for renovation into a restaurant/distillery.

We had a private area in the

restaurant reserved for the Club and all members enjoyed a delicious luncheon before returning to Medford.

Next year's Spring & Fall Treffen and Parade locations were announced on the final evening:

This was a relaxing drive with the exception of evading several deer along the way that caused a few drivers to perform rapid evasive maneuvering ! In one spot there was a dead deer carcass straddling the middle of the road. Next time you are traveling on the Hwy. 96 towards Happy Camp, pay particular attention and drive with caution.

Sincere thanks to all members who participated. This was by far the most highly attended drive of this season and one of the most enjoyable.

Dave Duarte
